TALK WITH YOUR COUNSELOR:

- When notified of acceptance status
- When registering for classes
 - **TIMING IS KEY**- know your deadlines
- If you change classes (drop, add, substitute)
 - Impact on graduation
 - Impact on payment
 - Athletic eligibility
- Grades
 - Failing a CCP course

**Communication
is Key**

Potential Risks

- Be aware of all procedures & classroom expectations that could be very different from your high school
- College grading scales can be different from ours. The grade reported from the college will be what appears on your transcript. This may impact Honor Roll.
- Calendar years can be different, all final grades must be reported to your high school before graduation in order to participate in the ceremony. Also, vacations may not line up and if you are taking courses through both schools, you may not get one.
- Transferability does not equal applicability

Potential Risks

- Students who attend CCP classes and are not in the building the full day - especially Seniors - *may* miss important announcements and events at their home high school (such as Cap and Gown announcements). Students must stay on top of daily announcements, Schoology, school emails, and the principal's newsletter from their home high school.

Parent Update

ODE Disclaimer: Parents Please Note:

"The subject matter of a course enrolled in under the college credit plus program *may include mature subject matter or materials*, including those of a graphic, explicit, violent, or sexual nature, *that will not be modified* based upon college credit plus enrollee participation regardless of where course instruction occurs."

Parent Update

A Note About “FERPA”

- The Family Educational Rights and Privacy Act (FERPA) prohibit a college from sharing information (such as grades) directly with parents.
- Communicate with your student to stay on top of grades and other relevant information

Non-Allowable Courses

Courses not permitted under College Credit Plus:

- Applied courses with one-on-one private instruction
- Courses with high fees (\$750 or more)
- Study abroad courses
- Physical education courses
- P/F or S/U courses (unless the course is in an internship or is a transferable course with the same grading scale for all students enrolled.)
- Remedial courses
- Sectarian religion courses

Books for Courses

- FHSD pays for textbooks for students
 - Either hardback OR online
 - Additional materials (e.g. software, lab fees, or laptops) would have to be paid for by families
- Students MUST purchase books from the corresponding college bookstore
- Upon completion of a course, students should attempt to return the book to the bookstore OR return to the District Office

Possible Financial Obligations

Families are responsible for reimbursement to the school district IF:

- A student fails to receive credit for a course (including a grade of “NP” and an “I” for seniors)
- A student drops a course after the permitted date
- A student signs up for more than 30 credit hours in one year

Credit Limits

Limits

- 30 semester credit hours per school year (includes summer session)
- Not more than 120 semester hour credits in middle & high combined
- NOTE: Summer sessions apply to the following school year

**Credit
Equivalence**

Three or more CCP semester
hour credits
=
1 High School
Credit

Total Credit Limits by Year

1. Determine # of high school credits taking (Carnegie Units)
2. Multiply that number by 3
3. Subtract result from 30
4. = Maximum # of CCP semester credit hours in a single school year

Example

- 4 HS Credits (Carnegie Units) x 3
=12 College (CCP) Credits
- No more than 18 CCP semester hours (college credits) allowed
