

## Turpin High School Parent Newsletter

**August 1, 2024**

We hope you're having a wonderful and safe summer! Turpin High School has been hard at work getting ready for the 2024-2025 school year. To keep you informed, we'll be sending out a weekly Parent Newsletter with important updates, events, and activities happening in the Turpin Community.

A warm welcome to the new families joining THS this year and a big welcome back to our returning families! To assist with the transition and provide a central resource for common questions, we've created the [2024-2025 THS Beginner's Guide](#). This resource is packed with essential information for both new and returning families, covering everything from student parking and schedules to 9th Grade Orientation and extracurricular activities. Please take a close look and feel free to reach out with any questions!
